

## KING REVIEWS 'ANCIENTS'

Welcomes U. S. Artillerymen in His Palace Grounds.

## SALUTES AMERICAN FLAG

Photographed with Boston Men, Stars and Stripes Floating Above Him.

[By Cable to The Tribune.]  
London, July 15.—King George reviewed to-day the detachment now visiting England of the Ancient and Honorable Artillery Company of Boston and their comrades of the London company. The march past took place in the grounds of Buckingham Palace. Advancing to the centre of the hollow square formed by the companies, the King said:

I am particularly pleased to welcome the representatives of the old Massachusetts regiment and I hope they will derive much pleasure from their visit.

The King then congratulated Captain Francis H. Appleton in person on the manner in which the men had marched past and said that on an exchange of visits such as the present would do much to promote and cement the friendship which he trusted would always exist between the two great English speaking nations so closely connected by ties of race and brotherhood.

Ambassador Reid, accompanied by Major Squires, witnessed the review. Afterward King George, who wore his field marshal's uniform, was photographed in a group with the Boston detachment, Ambassador Reid on the left of the King. His majesty stood immediately beneath and between the Stars and Stripes and the Boston company's regimental colors, which were borne in front of the gathering. It was noticed that the King saluted the Stars and Stripes with marked cordiality as the flag was carried past him in the review.

Queen Mary and her daughter, the Princess Mary, watched the review from one of the windows of the palace. The inspection occurred at an early hour, as the King had arranged to visit the city of Winchester, in order to reopen the cathedral after its recent restoration.

The Boston artillerymen marched with their London comrades from the headquarters of the Honourable Artillery Company, in Finsbury Circus, under the command of Captain Francis H. Appleton and the Earl of Denbigh. A large number of relatives and friends of the officers and men were present in the grounds of Buckingham Palace during the review.

The detachment left London this afternoon for a Continental tour.

## PLEASURE PARTY WRECKED

New York Man, Guest of Canadian M. P., a Victim.

Port Hood, Nova Scotia, July 15.—The sailing ship Manana, owned by H. B. Ames, Member of the Canadian Parliament, struck a ledge at the southern end of Port Hood Island, Cape Breton, on Saturday night last, and foundered. Mr. Ames and party, consisting of Mr. Middleboro, M. P. of Owen Sound, Ont.; Dr. Wood, of New York City, and Mr. Sherrard, of Montreal, were rescued by boats and landed at Port Hood Island, where they are camping out while making arrangements for the continuation of their cruise.

## TURKEY REFUSES PEACE

Grand Vizier Talks of Maintaining Sovereignty in Tripoli.

Constantinople, July 15.—The Grand Vizier, in a statement in the Chamber to-day, announced that the Turkish government refused all the proposed conditions of peace as unacceptable. Turkey, he said, intended to maintain her sovereignty in Tripoli, and the war would continue until conditions of peace agreeable to Turkish dignity had been submitted.

## U. S. RIFLEMEN IN GERMANY

Kaiser's Brother Welcomes Visitors at Frankfurt.

Frankfurt-on-the-Main, July 15.—The national shooting tournament to-day welcomed a detachment of visiting American riflemen. Dr. Friedleben, the chairman of the festival committee, greeted the visitors, and Judge Zeller, of New York, responded, emphasizing the sincere wish, not only of German-Americans, but of all Americans, for friendly relations between Germany and the United States. At the inaugural banquet yesterday evening Prince Henry of Prussia, the Emperor's brother, who was the principal speaker, expressed his especial pleasure at the visit of the Americans.

SUNDAY'S NEW YORK TRIBUNE Mailed anywhere in the United States for \$2.50 a year.

## HENRY W. TAFT RESTING

President's Brother, on Auto Tour, Sees No Newspapers.

[By Cable to The Tribune.]  
London, July 15.—Mr. and Mrs. Henry W. Taft, who came over to the Ritz from Paris to-day, are starting this week on an extensive automobile trip along the south coast, and will afterward motor in Normandy. The President's brother is feeling the effects of close application to work in New York, and no plans for the trip have been arranged beyond the general automobile scheme outlined.

Mr. Taft is anxious to be relieved altogether of business cares, and no plans are being made, even so far as a day ahead, care being taken that no news from home comes to Mr. Taft. He is not even reading a newspaper these days.

## JOHN BARRETT IN LONDON

Will Try to Make Europe Understand Canal Question.

[By Cable to The Tribune.]  
London, July 15.—John Barrett, director general of the Pan-American Union, came to the Ritz to-day, after a couple of days in Paris. He is combining business with the first vacation he has taken in eight years, and expects to stay in England two weeks, then go to the Continent and return to America about the first week in September. He will make a speech shortly on the subject of Latin-America before the London Chamber of Commerce. In conversation to-day he said: "I hope while here to make European nations understand that the Pan-American Union is not an alliance against Europe, being, in fact, quite the contrary. My desire is to make Europe see the advantages of the extension of trade relations with Latin-America, whereby both Europe and Latin-America will benefit."

"Indirectly the United States will benefit, too, by the commercial expansion of South and Central America. Business and interest frequently combine, but this by no means implies that they combine for war on those who are not members of the organization. This is what I shall endeavor to make Europe understand while I study the trade relations between European nations and Latin-America. I shall make a speech before the London Chamber of Commerce at the first opportunity, in order to explain the purposes of the Pan-American Union. I shall touch on the Panama Canal; indeed, I expect to talk a good deal about the canal, but I shall not discuss the question of preferential treatment for American vessels. That is not my business. It is a question that solely concerns the State Department and Great Britain. The commercial aspects of the canal are the only ones with which I am concerned."

## LONDON'S EXODUS BEGINS

Mr. and Mrs. J. B. Duke and T. P. Fowler Among Departures.

[By Cable to The Tribune.]  
London, July 15.—Mr. and Mrs. J. B. Duke, who have been in England several months, start to-morrow for Contréville by the advice of Mr. Duke's doctors, as he is suffering from gall stones. Their immediate plans include a return to America, but they expect to take a house in London and entertain extensively next season. Mr. Duke has had agents looking for a suitable house for some time, but the agents say he is a hard man to please. Thomas P. Fowler and family, who have been at the Piccadilly for several days, started to-day for the Continent. A. de Navarro arrived to-day by the Kronprinzessin Cecilie for a two months' holiday, a large part of which he will spend shooting in Scotland. Like many other recent arrivals, he found the Savoy, Carlton, Ritz, Berkeley and Claridge's all full and was compelled to seek quarters at a smaller hotel.

Among those who sailed yesterday on the Norddeutscher Lloyd liner Prinz Friedrich Wilhelm were Mr. and Mrs. J. C. Black and family, Frank H. Conger, Mr. and Mrs. Davison, S. Guggenheim, Mr. and Mrs. John Ritchie and Richard Varick.

## STRIKERS RESUME WORK

Montreal Transport Workers Get Promise of Higher Wages.

Montreal, July 15.—On obtaining a promise to-day of the raise in wages they demanded the striking transport workers, who at one time threatened to bring on a sympathetic strike and tie up the business of the whole port, returned to work. The men asked that the minimum wage be raised from 22½ cents to 25 cents an hour.

SUNDAY'S NEW YORK TRIBUNE Mailed anywhere in the United States for \$2.50 a year.

## CHINA LOAN UP AGAIN

Shake-Up in Peking Cabinet Due to Finance.

## TO RESUME NEGOTIATIONS

New Ministers Will Not Offer Such Vigorous Objections to Terms Laid Down.

[From The Tribune Bureau.]  
Washington, July 15.—With the resignation of the Chinese Cabinet and a reorganization of that body the question of a foreign loan will assume new importance, and it is expected that negotiations will be resumed in earnest.

Word was received by the Department of State to-day that the Ministers of Finance, Justice, Education, Commerce and Agriculture have tendered their resignations and that their resignations have been accepted. It was reported that the new Minister of Finance will probably be Chou Tze-chi, the present Governor of Shan-Tung.

Indications that the government intends to renew negotiations are contained in the information that the retiring Minister of Finance, Hsing Hsi-ling, will be retained to aid in the financial problems, and that he will be associated with Premier Lu Cheng-hsiang, the new Minister of Finance, and others as a commission to open negotiations for the proposed loan.

Rumors of a shake-up of the Cabinet as a result of the recent rejection of the proposition of the six groups have been in vogue in Washington for several days. The opinion prevails that the new Cabinet will not offer such vigorous objections to the terms laid down by the six groups and that negotiations for the loan will reach a successful conclusion in a few weeks.

Los Angeles, July 15.—A plan to finance the new Chinese Republic by assessing every Chinese in the United States a month's income was started in the Chinese Chamber of Commerce here last night.

Chinese orators declared that the new republic should not be submitted to the humiliation of having foreigners oversee its treasury and before the meeting ended more than \$1,000 had been subscribed.

## ANOTHER PLAGUE DEATH

Total for Porto Rico Now 23—Suspected Case at Havana.

Washington, July 15.—A fatal case of bubonic plague was announced to-day at Dorado, Porto Rico, probably due to rat infection. The Public Health and Marine Hospital Service dispatched three more experts to San Juan for laboratory work. With two new cases at Puerto de Tierra, one suspected case at Santurce and one at San Juan, the total for Porto Rico now stands, according to the official figures to-night, thirty-seven positive cases, two suspected cases and twenty-three deaths.

## HAVANA HAS SUSPECTED CASE

Authorities Unable to Find Infected Rats, Nevertheless.

Havana, July 15.—Another suspected case of bubonic plague has been discovered in the infected zone, which includes the area of the old walled city, in which are located the greater part of the wholesale and retail business, the government offices and many dwelling houses. The sanitary authorities are unable to account for their failure to find any infected rats, although hundreds have been examined daily since the outbreak.

## SAYS PLAGUE WILL COME

Surgeon, Back from Porto Rico, Thinks Rats Can't Be Kept Out.

Unless prompt and efficient measures are taken by this city to prevent plague ridden rats from coming ashore from steamships tied up alongside the harbor piers bubonic plague is bound to find its way into this community. This was the rather radical view of the plague situation as expressed yesterday by Dr. Jefferson R. Kean, lieutenant colonel of the medical corps on the staff of the Surgeon General.

The army surgeon, accompanied by his commission of medical men sent to Porto Rico early in June to investigate the bubonic plague invasion of the island, arrived here yesterday on the New York & Porto Rico liner San Juan.

"I believe the plague is going around the world," said Colonel Kean, "and it is a mere question of time when it will reach New York. There is hardly any way that it can be kept out."

Dr. O'Connell, the Health Officer, is not so pessimistic, however, over the outlook for bubonic invasion, and if his methods of prevention of plague and destruction of rats are as good in practice as in theory no rats can get ashore.

After the cargo of all ships from suspicious ports has been lightened in the bay and the passengers removed by tug the Health Officer invariably fumigates the entire vessel with such powerful chemicals that no rat could live aboard.

Although Colonel Kean found that only 2 per cent of the captured rats in Porto Rico were infected, the mortality of the island was greater than that of San Francisco. Until the houses of Porto Rico are lifted from the ground, he said, the island cannot expect to be rid of the disease and its agents of transmission.

## WILL DIRECT ARION SOCIETY

Richard Trunk to Succeed Julius Lorenz, Incumbent for 17 Years.

Munich, Bavaria, July 15.—Richard Trunk, a director of a Bavarian singing society here, has been selected as the director of the New York Arion Society.

Richard Trunk will succeed Julius Lorenz, who for the last seventeen years has been the director of the Arion Society in this city. Mr. Lorenz at the close of the last season declared his intention of returning to Germany and promised the society that he would find the best man available in Europe to succeed him. Richard Trunk has been director of the Munich Burger Verein for the last ten years and is one of the best known directors in Europe. He was engaged about a week ago, and will arrive in New York about the end of September.

## DIES ON BOARD LINER

London, July 15.—Hermann Metzger, of Derby, Conn., died on July 13, on board the Kronprinzessin Cecilie, which arrived at Plymouth this morning, having sailed from New York on July 3.

## BROOKLYN SINGERS IN BERLIN

Berlin, July 15.—Members of the Brooklyn Singers band to the number of 250 arrived here to-day and will give a concert to-morrow evening.

## PILLAGING IN MEXICO

Rebels Subject Places in Sonora to Visitation.

## FEDERAL TROOPS AMPLE

Orozco's Artillery Reduced to Six Field Pieces and Three Mortars.

[From The Tribune Bureau.]  
Washington, July 15.—Pillaging has been begun by Mexican rebels in Sonora, but no Americans have been disturbed, according to messages reaching the Department of State to-day.

Several thousand rebels have fled west from Chihuahua and Juarez for the purpose of joining General Orozco in his guerrilla warfare and it is expected that their depredations will become widespread throughout Sonora. Small groups of bandits are already engaged in pillaging in the municipalities of Toapa, Huamanguillo, Paraiso and Cardenas.

Federal forces are pursuing the bandits and the Madero government is planning to wage a vigorous campaign against the outlaws. There are ample federal troops in the disturbed sections to keep the rebels on the defensive and it is not believed that any big engagements will result, as the enemy is apparently disorganized to such an extent that any decided resistance is almost impossible.

The War Department has issued orders for strict vigilance along the border, to prevent the smuggling of arms and supplies by rebel agents. Several attempts to carry munitions of war to the rebels have been foiled by the patrol maintained by the troops in command of Colonel E. Z. Steever. This vigilance is the principal cause of the bitter feeling General Orozco, the rebel chief, entertains for this country, and is the reason given for his recent threat to bombard the gas plant in El Paso, Texas.

Colonia, Sonora, July 15.—Only twenty miles to-day separated the rebels, advancing from Casas Grandes, and the federal forces, gathered at Colonia, Oaxaca, and Colonia, Morelos, the Mormon colonies, seventy-five miles southeast of Douglas. The rebels were sighted at Las Vegas, on the mountain tops.

General Sanjines, the government commander, has 1,100 men, two cannon and two machine guns. He has left a garrison at Colonia, Morelos, fifteen miles west of here, but the main forces will await the rebel attack at Colonia, Oaxaca.

Most of the Mormon colonists have gone to Colonia Morelos for defence. They are determined to resist both federal and rebel alike if their property becomes a battleground and their families endangered. A clash was narrowly averted when the government troops attempted to take the Mormon teams and wagons. The residents hid their horses and wagons in the mountains.

## DORCHESTER HOUSE DINNER

Prince and Princess Alexander of Teck Chief Guests.

[By Cable to The Tribune.]  
London, July 15.—The American Ambassador and Mrs. Whitelaw Reid entertained Prince and Princess Alexander of Teck at dinner at Dorchester House last night, when many distinguished Americans now in London, including Henry W. Taft, brother of President Taft, were invited to meet their royal highnesses.

Dinner was laid for fifty in the splendid crimson saloon overlooking Hyde Park. The host, who led the procession to dinner, escorting the princess, sat between her royal highness and Mrs. Henry W. Taft. Mrs. Reid followed with Prince Alexander, and Mr. Taft took in the Duchess of Devonshire.

The guests also included Lord and Lady Salisbury, Grand Duchess George Mitshaylovich, Lady Powis, Lady Ridley, Mme. von André, sister of Chauncey M. Depew; J. Pierpont Morgan, Sir George Hafford and his bride-elect, Mrs. Graham Menzies; Lord Revelstoke, Lord Tweedmouth, Mr. and Mrs. Lewis V. Harcourt, the Hon. Arthur and Lady Clementine Walsh, the Hon. Nell Primrose, the Hon. and Mrs. Cyril Ward, Mrs. John Ward, Sir William Garstin, Mr. and Mrs. Ogden Mills, Mr. and Mrs. Walter Burns, Reginald Fellows, Mr. and Mrs. E. C. Havemeyer, William Phillips, Captain and Mrs. Simpson and Sheldon Whitehouse.

Even more brilliant than the dinner was the ball which followed, when the royal circle was augmented by the arrival of the Princess Louise, Duchess of Argyll, Princess Christian with her two daughters, Princess Beatrice of Battenberg, all the ambassadors and many of the ministers to Great Britain and a brilliant gathering of leaders of English and American society, which filled the ballrooms and the crimson saloon, which was hastily cleared after the dinner so as to be available for dancing.

## FRENCH AVIATOR KILLED

Russian, Too, Falls from Military Aeroplane at Sebastopol.

Paris, July 15.—The French aviator Oliveres fell 500 feet and was killed to-day during aviation fêtes in aid of the military aviation fund.

Sebastopol, July 15.—Lieutenant Zekutski fell from a military aeroplane to-day and was killed.

The deaths recorded above raise to ten the number of aviation fatalities which have occurred this month, the total since actual flying began being now 166. The last previous victim was Victor M. Smith, Jr., who was killed on Saturday at Palo Alto, Cal.

## FIGHT ON TARIFF ISSUE

John Hanan Foresees Re-election of President.

[By Cable to The Tribune.]  
London, July 15.—John Hanan, the shoe manufacturer, is at the Savoy awaiting the arrival of the steam yacht Surf, on which he will visit Sweden and Norway and make a voyage around the world by way of the Suez Canal, the Orient and Cape Horn. Speaking of the coming election he said:

"Colonel Roosevelt has no chance at all to be elected, but it is possible for him by running to defeat President Taft. If, however, Mr. Roosevelt does not run the election will be a straight out and out fight between Taft and Wilson on the question of the tariff. There is little doubt that President Taft will be re-elected, as America is a protection country of enormous wealth and great industries, built up under the protective system."

"Wages in America are 50 per cent higher than in Europe. This is due to the marvellous prosperity attained under the protective tariff, and work-

men will not vote against their own interests unless led astray by a man like Roosevelt, who is seeking personal aggrandizement and petty revenge.

"The business of the country is in a sound condition, but is marking time, awaiting the result of the election. As soon as the election is decided it is ready to go ahead on a marvellous scale. I do not think the election will cause a very serious setback which ever way it goes, as the country is so prosperous and general conditions are so sound that business men are pretty well satisfied that neither party can do anything to injure the general prosperity."

## NEW GERMAN ARMY DIRIGIBLE

Berlin, July 15.—The German army authorities to-day completed the purchase of the Siemens-Schuckert dirigible balloon, the greatest non-rigid airship in the world. It has a speed of more than forty-three miles an hour and is to be used for military purposes.

## HUNGER STRIKE IN RUSSIA

St. Petersburg, July 15.—A hunger strike has been going on for the last two weeks among the two hundred political prisoners in Fskoff prison.

# AITKEN, SON & Co

(FOUNDED 1835)  
IMPORTERS, MANUFACTURERS

WE make in our own workrooms copies of imported model dresses, coats and hats, especially designed for the young and winsome girl—for the girl in her teens—"with her hair still worn in its two braids and tied with a ribbon."

We aim to give her dress that elusive indefinable distinction which we call charm, something a plain girl may possess and a great beauty miss.

## The Andalusian Hat

"A queen in title and in style."—Henry VI.

"Eugenie, the French Empress, led the march, making an unforgettable picture with her Andalusian hat, lavishly adorned."—Brentwood.

This "hat of distinction" is offered by Aitken, Son & Co.

Special Summer Hats of lightest weight  
(Only 2 to 4 ounces.)

White Straw Hats trimmed with Scarf, \$2.00 and \$3.00 each.
